Hello to you all. I hope this spring finds you high and dry. I say that because in this moment the Eastern part of Montana and much of North Dakota, South Dakota, and Northern Wyoming are experiencing disastrous flooding as the creeks and rivers have breached their banks and thousands are being forced out of their homes onto higher grounds. But there is hope. Around here neighbors are lending a hand and helping out in whatever way possible to ensure that no one fights alone. Through hard work walls of sand are being built to hold back the water and entire lives are being relocated to drier land in record time. For those already inundated there is a renewed sense of what is important in life; for it is the people that matter at the end of the day.

It is on that note that I send this request. MAPL has become a nearly one-man-show of late in a time when the organization could be quite successful. We also enter into our next year of membership without an incoming Board. For this reason there is no MAPL Board nomination ballot this year. Instead, I am asking for volunteers. Should you have time or resources that you could spare and are willing to serve on the Board, we, as an association, would be grateful for your help. In particular, we could use some help in Seminar planning, membership, accounting and communications. You may contact me via telephone, email or in person at the seminar this July to volunteer. All names will then be put before the membership for final approval after the seminar.

Only by working together can MAPL continue as a success into the future. NRG
